

SEN support for pupils with communication and interaction needs

SENDIASS is offering a free online session for parents and carers explaining the graduated approach to SEN support for pupils with communication and interaction needs.

This session will be supported by specialist teachers from the Communication and Interaction service.

The session will explore:

- The key principles of SEN support and whole class approaches;
- The 4 stages of the graduated cycle of support and how you and your child are involved;
- Examples of SEN support schools can reasonably offer;
- What happens if a pupil needs further support.

Anyone who books will be sent a video of a pre-recording of the session afterwards, to watch at their own pace, and with family members.
