

Co-producing information about support in early years settings for children with SEND and medical needs

- SENDIASS wants to work together with you to create resources that **match your needs** and are more accessible for you.
- Do join one of three informal drop-ins to tell us what will help build your understanding & confidence around support in early years settings for children with additional needs.
- These are not information sessions – they are relaxed chats **where we listen to you** and record your questions and ideas, to use as the basis for the information and training we will create.
- You are welcome to pop in for 10/15 minutes to share your thoughts or stay for longer. Practitioners are welcome too.
- We regret we cannot offer a creche.

10th October 2022 **Come anytime between 10 & 11:30am**

Acorns Family Hub, Stowmarket, IP14 1NL
