

Co-producing information about support in early years settings for children with SEND and medical needs

- SENDIASS wants to work together with you to create resources that **match your needs** and are more accessible for you.
- Do join one of three relaxed drop-ins to tell us what will help build your understanding & confidence around support in early years settings for children with additional needs.
- These are not information sessions – they are relaxed chats **where we listen to you** tell us what questions you have about SEND support in the early years and what information would help.
- You are welcome to pop in for 10/15 minutes to share your thoughts or stay for the whole session.
- Open to everyone – **everyone's views count!**
