

Dont know what an EHCP is

I dont know what it says

i dont know what is in it

I have never heard on an EHCP

Would it be shared across campus?

Who is the information shared with?

Annual reviews are very long and very boring

Annual Reviews are tedious and boring

Who comes to the Annual Review

How do we contact you for support

my parents want me to stay in education as long as i can

these meetings are torture

i nearly fell asleep

i had an uncomfortable chair

we want face to face meetings not online

we are nervous to attend as some of the feedback might be negative

what is a chair of the meeting - sounds like what i would sit on

will important people be at the meeting - that's scary

Snacks would make the meeting better

knowing what the meeting would look like would help

knowing the questions beforehand would help

we want to take the questions away and think about them in more detail

we all agree that it would benefit other YP to know more about EHCP's and Annual Reviews

where are Sendiass based - how can we contact you

i've forgotten what i said last year

we need time to process information

give me notes up on a board to help me remember

visuals and pictures help me remember

posters can help prompt me
