

I reached out to SENDIASS when my daughter was suddenly permanently excluded from her school.

I needed to talk to someone about things as this was very upsetting as a family.

Thankfully I managed to talk to you which turned out to be amazing support from you.

You gave me great advice before the meeting and throughout the meeting as well.

I was told about Sendiass by a friend that had used you in the past.

I would tell families to ring up as you will get rung back and it's a great support.

Tracy,
Suffolk
parent.
