

Suffolk SENDIASS Service Development Plan September 2024 to August 2025

Area of focus	Desired Outcome	How we will achieve this.	Progress/activity
Efficiency	The service is able to meet the <u>national Minimum</u> <u>Standards</u> .	 Flexibility with service delivery (identify areas of the service which could share responsibilities/tasks). Build capacity to explore: IT/AI opportunities. An IT interface (web contact forms auto-populate our online database). 	Exploring investment opportunities with commissioners.
Co-production	Co-production is our usual way or working.	 'Commit to co-pro' – ongoing 6-monthly reviews with Healthwatch Suffolk. Continue to develop and co-produce information and training which matches the needs of families. (see also 'Core service') Share regular updates about all co-production projects and expand ways people can contribute. Maintain <u>co-production webpage</u>. Continue to find ways to expand our Advisory group. 	 Carried forward from 2023/24 - request from key partners for some information around specific topics (suspensions for families and EOTAS). Carried forward from 2023/24 - create PageTiger to present information which explains how we consult and co-produce. Continued development to finalise 2 easy-read resources in progress: Travel and transport 16+ Getting help in college Continued development of video content covering specific topics for young people and parents/carers. Continued outreach to groups of young people.
Improving access	Young people with SEND are aware of the service.	 Continued focus on the findings from our young person survey 2023: Develop publicity which appeals to young people, e.g. short animations. Expand groups of young people we can link with. Develop online presence. 	 Continue to work on ways we could improve the layout, style and navigation of our online content. Videos – ongoing project work to develop engaging video content. •
	Families trust us and feel comfortable to use the service.	 Continue community outreach to build relationships. Explore ways we can increase numbers of people completing our survey. Service feedback is regularly publicised. 	•

	 Consider ways we can communicate 'you said, we did' activity. Work with families using the service to create testimonials that we can publicise. Develop information retention and consent policies. Continue to identify training for staff which will increase our understanding, and ability to communicate with children and young people with particular needs.
Families find out about us much earlier in their SEND journey.	 Raise awareness, through publicity to services, GP's, schools and providers, community and voluntary organisations. Continue to present what we do to services and teams, at request. Create publicity for practitioners. Develop social media strategy and expand reach: a forward plan for information items to be shared; explore and develop alternative channels. Ongoing delivery of training to school governors including challenge re information for families.

Core service	Families receive accurate information, advice and support which helps them to understand processes and empowers them to take part in discussions.	 Support team members with their induction, training and development. Develop QA Standards. Embed 'Talking Mats' communication tool into our direct work with families. Development of new content to match needs of families (EOTAS/Attendance/Right to Choose (NHS). Ongoing delivery and development of information sessions to families addressing key areas from our data and partners. Ongoing partnership with other services to offer additional training lying outside our expertise which parents request. Ongoing development of training and content to ensure accessibility. August 2024 - reduced capacity due to resignation. Service message published. Continuity plan for interim cover. Developed new training for team members on supporting parents with making an appeal to the SEND tribunal. Methods and partners. Ongoing bartnership with other services to offer additional training lying outside our expertise which parents request. Ongoing development of training and content to ensure accessibility.
Strategic influence	We inform and influence local policy and practice.	 Continued sharing of our reports and trends, and ideas we gather from families for how their lived experience might be improved. Influencing local practice for working with families and supporting them to participate. Ongoing input to local authority (and partners) strategic work. Ongoing refinement of data and intelligence. View our facts, figures and feedback.

Progress reviewed by members of the SENDIASS Advisory group (November 2024).
